

REUSABLE TRANSIT CASES FOR ALL TYPES OF EQUIPMENT
GENERAL SERVICES ADMINISTRATION
GSA CONTRACT GS-15F-0047-L

CALZONE/ANVIL AND GSA

Government, military, and federally accepted shipping cases and containers within special item number (SIN) 617-2. SIN 617-2 covers Anvil® Cases used to ship, carry, or containerize electronic and computer related equipment and accessories. The SIN of Anvil® Cases is built to conform to rigid A.T.A. Specification 300 Category 1, and MIL-STD 810C/D requirements. Supportive test & evaluation documentation as performed by Wyle Laboratories in March of 1984 are on file and available upon request.

- FSC Group: 81-1-B
- Special Item Number: 617-2
- FSC Class: 8115
- Contract Number: GS-15F-0047L
- Cage Code: 59288
- Duns #: 099005365
- Period: Aug 8, 2016 - August 7, 2021
- Business Size: SMALL

LEADER IN PRODUCT DEVELOPMENT

Anvil's inside sales/design staff is the most experienced in the industry. No one designs cases better or more quickly. Anvil designers can typically produce a prototype case from design to finished product, based on your requirements, within ten days. They keep abreast of the latest product developments by attending more than 10 major trade and industry association shows each year, all of which gives them a better understanding of your needs. Anvil has over 20,000 standard designs on file. Custom measuring and designing is also available at no additional cost.

Contract Holder

MADE IN USA

Anvil's new and larger facility in the City of Industry utilizes state-of-the-art equipment

ANVIL - THE PIONEER IN PROTECTIVE CASES

Consistent growth and industry leadership come only through hard work... and it is hard work that has earned Anvil the reputation as the manufacturer of the strongest and most durable cases in the industry. As a result, Anvil has become the largest manufacturer of reusable, heavy-duty shipping cases in the business... building quality cases since 1952!

Building a quality case and reputation doesn't happen overnight. It's the result of many, many years of experience, and by being first in new markets and new products.

In the 1950's Anvil Cases introduced reusable protective transit cases for use by musicians to carry their electric instruments and sound systems. Today, Anvil cases are used by people and organizations who require the best protection available for the transport of sophisticated equipment, from electronic and computer equipment to broadcast and video equipment - and cases from Anvil are still the choice of musicians - from rock 'n' roll bands to the New York Philharmonic. Anvil Cases has earned the well-deserved reputation as the Number One manufacturer of protective transit cases.

Anvil aggressively maintains its leadership position by providing its customers with the best possible customer service/satisfaction, offering quick and courteous attention on all matters - large or small.

ANVIL - COMPREHENSIVE PRODUCT LINES

From heavy-duty transit to lightweight carrying cases. Anvil Cases has developed a comprehensive range of product lines to serve such diverse industries as video production, computer sciences, aerospace, telecommunications, micro-wave technology, test and evaluation instrumentation, military, government and commercial.

IT'S WORTH PROTECTING - ANVIL CASES

Every case is made to order. Anvil does not have stock sizes requiring retrofitting equipment into existing sizes. Anvil designs each case to exact specifications for exact uncompromising fit and quality. If your equipment is worth protecting, it's worth using an Anvil Case - from the leading manufacturer of quality shipping cases - Anvil Cases!

"ANVIL HAS BEEN PROVIDING QUALITY CASES FOR GSA SINCE THE 1970'S"

TERMS AND CONDITIONS

GENERAL SERVICES ADMINISTRATION
FEDERAL SUPPLY AND SERVICE
AUTHORIZED FEDERAL SUPPLY SCHEDULE PRICE LIST

On-line access to contract ordering information, terms and conditions, up to date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is: GSAAdvantage.gov.

1. Awarded Special Item Number: 617-2
2. Maximum Order Threshold: The total dollar value of any single item ordered under this contract shall not exceed \$40,000.00 or \$150,000 for combination of items.
3. Minimum Order: Minimum dollar value of orders to be issued under this contract is \$500.00. In the event of government order is accepted below the minimum order limitation, ANVIL® Cases shall honor the terms and conditions of this contract.
4. Geographic Coverage: The 48 Contiguous States and the District of Columbia, Alaska, Hawaii, and Puerto Rico.
5. Production Points:

15730 Salt Lake Avenue
City of Industry, CA 91745
T: 800-FLYANVIL (359-2684), 626-968-4100
F: 626-968-1703

225 Black Rock Avenue
Bridgeport, CT 06605
T: 800-243-5152
F: 203-336-4406

1430 Bradley Lane
Carrollton, TX 75007
T: 800-852-4983
F: 972-241-3998
6. Quantity discounts: Prices listed herein are net. Call/Fax for consideration.
7. Prompt Payment
Terms: N/A, Terms are
Net 30 Days
8. Credit Card Sales: ANVIL® Cases accepts all government issued credit cards upon approval, below and above minimum purchase threshold.
9. Foreign Item: N/A
10. Delivery Time: 30 days After Receipt of Order (ARO).
11. F.O.B. Origin: All orders are shipped F.O.B. origin. Freight charges are the responsibility of the Government Ordering Activity. ANVIL® will prepay and add to invoice freight charges for ground shipments via ANVIL® specified carrier within the 48 contiguous states or to point of exit. Third party billing to a Government freight account is also available. Account information and signed approval is required.

Air shipments: All air shipment carriers must be determined by Ordering Activity. ANVIL® does not prepay air shipments. Third party billing is available with proper account information and approval.
12. Ordering Address:
Anvil Cases, Inc.
15730 Salt Lake Avenue
City of Industry, CA 91745
TAX ID #95-2998937
CAGE CODE: 59288
13. Payment Address

TERMS AND CONDITIONS

GENERAL SERVICES ADMINISTRATION
FEDERAL SUPPLY AND SERVICE
AUTHORIZED FEDERAL SUPPLY SCHEDULE PRICE LIST

On-line access to contract ordering information, terms and conditions, up to date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is: GSAAdvantage.gov.

14. Warranty Provisions: Customers must obtain a return authorization number. No production will be accepted without prior authorization. Defective product – Production carries limited lifetime warranty against defects in craftsmanship and materials (shipping charges apply).

Non-defective product – Non-returnable. All Anvil Cases are built on a per order basis.

15. Export Packaging: Not available from ANVIL®. All cases are wrapped in heavy-duty corrugated material to guard against damage in transit.

16. Terms and conditions of Gov't Credit Cards: Accept any above the micro-purchase threshold. 17. DUNS #: 009005365

18. Central Contractor Registration: Cage Code: 59288

19. Billing Responsibilities: ANVIL® is required to do all billings made pursuant to this contract.

20. Business Size: Small

21. Return Policy: Merchandise returned to ANVIL® must be clearly marked with an "ANVIL®" issued return authorization number. Call 1-800-359-2684 for return authorization approval. Case(s) must be wrapped to protect against damages in transit to ANVIL® Cases.

APPLICABLE TERMS AND CONDITIONS FOR PURCHASE OF SPECIAL ITEM # 617-2

Anvil® guarantees that all product shipped is new and current model merchandise. Each Anvil® product is constructed from first-class material and workmanship.

Anvil® shall acknowledge only those orders which state "Order Acknowledgment Required." These orders shall be acknowledged within ten (10) days after receipt. Such acknowledgments shall be sent to the activity placing the order and contain information pertinent to the order, including the anticipated shipping date.

ADDITIONAL GENERAL DESCRIPTIVE INFORMATION

ATA

Designed to meet or exceed the Air Transportation Association Specification 300, Category 1, Anvil® ATA Cases are the most durable reusable transit cases available.

ATA

M.A.C.C. (MILITARY)

Constructed to perform in the most demanding conditions, Anvil® M.A.C.C.™ cases provide unsurpassed function as well as rugged durability. Built to Mil Spec 810 C/D.

M.A.C.C.

ANVIL IRON

Anvil Iron® is our most extreme line of defense. It utilizes an extremely tough defensive HDPE covering over the plywood that provides additional protection to cases that are constantly on the go, resulting in a case wall that is built to take abuse far exceeding traditional ABS cases.

Standard minimum for caster board is 1/2 inch.

ATA Cases, when designed with heavy-duty twist latches, have them attached to recessed plates in our standard arrangement.

Interior Cushioning - High Density foam designed to protect your equipment.

Interior Compartments - When compartments are requested, they are constructed of 3/8" plywood, permanently riveted to case interior with aluminum angle.

Additional Options are available (Call for information).

Dimensions: Frequent reference is made throughout this pricing catalog to case interior dimensions. In each instance, the following sequence is followed: left to right (L-R or width) given first, front to back (F-B or depth) given second, and top to bottom (T-B or height) given third.

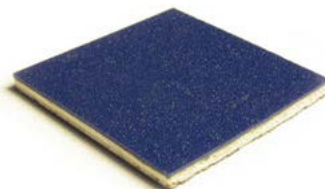

ANVIL IRON

Cases unless otherwise noted are priced without casters, (see page 6 for prices).

Aluminum, Carpet, or Fiberglass laminants are also available for an additional charge.

COLORS

ANVIL ABS LAMINATE CASES

ANVIL FIBERGLASS LAMINATE CASES

ANVIL XLT CASES

Note: Colors are approximates and may vary depending on your monitor and settings.

CUSTOM COST ESTIMATING

For the purpose of fulfilling all casing requirements ANVIL® uses a simplified formula for computing case pricing. To determine the GSA Price of an ANVIL® CASE having 1" foam lining, 1/4" construction, use this formula:

- Width* + Depth* + Height* + 7** = ANVIL FACTOR***
- ANVIL FACTOR x 4.73 = ANVIL GSA PRICE****

A case to house a given object that measures 18" x 12" x 10" would be computed as follows:

- 18" (Width) + 12" (Depth) + 10" (Height) + 7 (1" foam lining) = 47***
- 47 (ANVIL FACTOR) x 4.73 = 222.31 GSA Price****

*Dimensions used in computing the ANVIL FACTOR are internal case dimensions (foam to foam).

**Add 7 for 1" foam lining, 14 for 2" foam lining, etc.

*** For case requirements with an ANVIL FACTOR exceeding 110", add an oversize construction factor to the case GSA price using the following guide:

- 111" thru 130" add 15%
- 131" thru 150" add 20%
- 151" thru 175" add 25%
- 176" thru 200" add 30%
- 201" and over add 35%

Direct Dial to GSA Desk Contact:

Don Sessions
Tel: 203 252 6904
Email: don.sessions@calzonecase.com

**** For 3/8" Construction add 20%, 1/2" add 30%

To compute the cost of the above example outfitted with exterior options (i.e. casters, locking devices, tie downs, etc.) simply add the GSA price of those optional items (see pages 9 & 10) to the price of the case you computed using this formula. Note: Exterior options are added after all construction factors are computed.

For cases with partitions, trays, etc. (other than 1" or 2" lined), please contact ANVIL® directly, or your ANVIL GSA participating dealer for design and pricing assistance.

MUSICAL INSTRUMENT CASES- BAND AND ORCHESTRA

At Calzone / Anvil we can make the case you need for your instrument. We have thousands of plans on file, or we can custom design a case for your specific requirements.

Whether you need a case for your euphonium or your flute, we will create what you need.

We make the best ATA Road cases for all instruments. Whether you need a case for your Euphonium, Flute, Drums or Grand Piano, we have the plans. In fact we have on file hundreds of plans for all makes, models, and styles.

Calzone / Anvil is known as the best Musical Instruments Case Manufacturer in the world.

MILITARY GRADE CASES / WORK STATIONS

The Calzone / Anvil Case Companies offer a variety of standard as well as fully customized workstation solutions for the field. Ideal for mobile music production, on location film, event photography, military field operations, tradeshow, and a number of other applications.

These cases are built to protect your equipment, while at the same time, make you feel right at home anywhere in the world. With an array of optional accessories available, including table legs in the lids, sliding shelves, and our M.I.C.S. interlocking system, these cases can be anything you want them to be.

SERVING THE U.S. SINCE 1952

Calzone / Anvil Cases are the most durable reusable transit cases in the world. These cases are constructed to perform in the most demanding conditions. Exterior panels are built with strong, solid components, and interiors are custom-designed with precision-sculpted unicellular foam to provide maximum shock absorption and protection from damage due to vibration.

Our products conform to the high standards of the U.S. Military by meeting the most stringent case requirements, and by providing you with strength and reliability you can count on. All cases made in the USA to protect and serve the USA.
